

## National Collection

Last month our hosta collection was designated a National Collection by the National Council for the Conservation of Plants and Gardens.

Although the designation covers the whole of the hosta genus it doesn't mean we have every hosta that has been registered - this would be impossible to achieve as some registered varieties never become commercially available. However, it does mean that we will strive to continue building the collection over the coming years. We will continue to introduce new varieties that complement the older, more established, varieties from which the new ones evolve. We will also continue learning about the characteristics of each variety so that we can advise our customers on the most appropriate plants for their growing conditions. This is best done on a nursery visit as we are able to spend more time discussing the plants - we are often too busy at shows to do this, which is a shame. Why not check out our [nursery open dates](#) and give us a visit this year.

## The 2007 hosta season has started...

The tunnels and shade house are beginning to glow green with new growth. This is a lovely time of the year, if difficult to manage due to the changable weather.

Just to whet your appetite here is a selection of varieties already showing off in an unashamed celebration of spring...

Spiralling clockwise from bottom left: 'Wolverine', 'Wagtail', 'Fire Island', 'Invincible', 'Green With Envy', 'Remember Me' and 'Blue Mouse Ears'.

**H. 'Wolverine'**

A sport of *H. 'Dorset Blue'*, this striking hosta was registered in 1995.

## Coming up...

### The Harrogate Spring Flower Show

**26-29 April**

This is a lovely show with which to start the season. Harrogate is a gem of a town and its people are most welcoming.

This year we will be exhibiting in the main Hall and as part of the [British Hosta and Hemerocalis Society](#) (BHHS) exhibit in the Society Hall.

If you decide to order plants from us to collect at Harrogate then please place your order before **13th April**.

### The RHS Malvern Spring Gardening Show

**10-13 May**

Hot on the heels of the Harrogate show is the Malvern Spring Gardening Show. We love doing this show as the atmosphere is something special.

### H. 'Fire Island'

Registered in 1998 this stunning variety is a cross between *longipes* 'Hypoglaucia' and *H. 'Crested Surf'*.

### H. 'Remember Me'

This fabulous hosta was registered in 2001 and is one of many *H. 'June'* hybrids. [More details and images.](#)

### H. 'Blue Mouse Ears'

Perhaps one of the most distinct dwarf hostas to come on the scene in recent years. Registered in 2000, this very blue hosta appears to have a fine silver edge (hyacinthina effect) to the leaves.

## psst...

### New is not necessarily better!

Occasionally we choose not to recommend certain varieties due to problems we experience in growing them.

Such plants often struggle as a cosseted member of the collection so would not last long in the average garden. We can often recommend alternative varieties that have proven their robustness over time AND are often cheaper to buy.

**Next month:** A review of Harrogate Spring Show...

Set at the foot of the Malvern Hills, the Three Counties Showground is a wonderful spot and attracts visitors from all over the world. This year we will be exhibiting in the Floral Marquee and in our usual spot outside so we hope to see you there.

If you decide to order plants from us to collect at Malvern then please place your order before **30th April**.
